Chapter 4: P 17, 19, 21, 22, 28, 30, 35, 37, 38

Hints and instructions:
21(a). You should be able to see which will be larger by thinking about which method of choice favors crowded buses. Again, explain your reasoning.
30. A famous problem! Think carefully about the answers.

Exam 1:
The first exam is scheduled for Monday, March 1. It covers our work through Monday, February 22, that is, through Section 4.5. (See the syllabus, but remember that we are one day behind due to the class cancellation on February 10.) All the problems on this assignment are for material that is covered by the exam.
