MATH 244 (1-3), Dr. Z., Design your own Practice Exam for Exam II, Tue., Nov. 26, 2013, 8:40-10:00am, PH-115

No Calculators! No Cheatsheets!
Write the final answer to each problem in the space provided. CHECK YOUR ANSWERS.
SEE GRADING POLICY BELOW.

Do not write below this line (office use only)

-----------------------------------------------

1.  (out of 10)  
2.  (out of 10)  
3.  (out of 10)  
4.  (out of 10)  
5.  (out of 10)  
6.  (out of 10)  
7.  (out of 10)  
8.  (out of 10)  
9.  (out of 10)  
10.  (out of 10)  

-----------------------------------------------

total:  (out of 100)  

You must check every answer (when applicable), and show your checking!
10 points (full credit): Correct answer, done the right way, that has been checked, and the checking agreed.
9 points: Correct answer, done the right way, that has not been checked
9 points: Correct answer, done the right way, that has been checked, and the checking did not agree, because you messed up the checking (and you realize that if you had time, you would go over the problem, and the checking)

7 points: Following the right way, but incorrect answer due to careless routine errors (arithmetic, algebra or differentiation), that has been checked, and the checking did not agree, and you realize that it is wrong and say so.

4 points: Following the right way, but incorrect answer due to careless routine errors (arithmetic, algebra or differentiation), but you didn’t check it, and did not realize that you messed up.

0 points: Doing it the wrong way, even, if by luck, you got the right answer.
1. (10 pts.)
Pick a random problem from one random assignment of hw1 to hw10

Ans.: 
2. (10 pts.) Pick a random problem in random assignment 11-22.

Ans.: 

Ans.:

Ans.: 
5. (10 pts.) Pick a random problem in random assignment 11-22.

Ans.: 

Ans.: 

7. (10 pts.) Pick a random problem in random assignment 11-22.

Ans.:
