

## END-OF-YEAR FUN WITH ORIGAMI

**When:** June 5, 4:30 – 7 pm

**Where:** Busch campus, SERC Bldg Rm 221A

**Facilitator:** Dr. Daniel Fishman, Montgomery School District

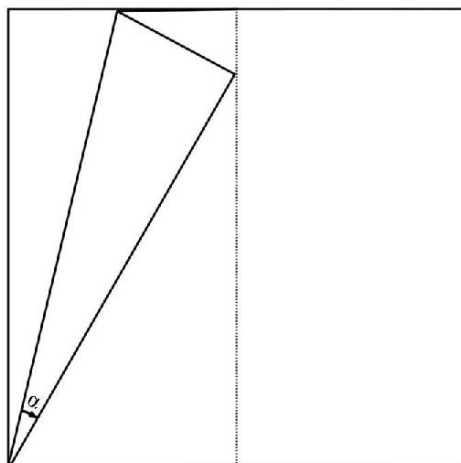

**Open to:** All Math Ed GSE students and in-service math teachers

**Register by June 3** (email Iuliana Radu at [tenis@math.rutgers.edu](mailto:tenis@math.rutgers.edu))

**2.5 Professional Development hours and dinner included.**

### Brain teaser

A square sheet of paper is folded so that the crease extends through one corner and brings an adjacent corner to the centerline, as shown in the figure. Compute the angle, alpha, that the crease makes with the edge of the paper.

**Organized by Rutgers Math Teachers' Circle**

**Sponsored by GSE – Student Affairs Committee**
